

(ISC)² MEMBERS: CPE REPORTING JUST GOT EASIER!

We're excited to announce that we finally have our own CPE category for **Safe and Secure Online Presentations**! Simply log into your member account and follow these quick steps:

1. Click "Submit/Edit My CPE Credits"
2. Enter Begin and End Date (If it's your first two presentations, use the Begin date for the first one, and End date for the second one. Otherwise, make the date the same for one presentation given)
3. Select "No" to Have you fulfilled a CPE offered by ISC2?"
4. Choose Contributions to the Profession tab
5. Choose (ISC)² **Safe and Secure Online Presentations** and fill in the information!

REMINDER: Members earn a total of 10 Group A credits after their first 2 presentations and 1 CPE credit for each thereafter. Please only submit for the first 10 CPE credits after completing both of your first two presentations.

While we are able to see the presentations submitted through reporting, we would LOVE to hear first-hand about your presentations and see pictures to share on our newsletter and social media! Please send any feedback and pictures after your presentation to

safeandsecure@isc2.org
